Agricultural Statistics of India

1916-17

VOLUME II—INDIAN STATES

Report

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
DEPARTMENT OF REVENUE AND AGRICULTURE.

SIR,

I have the honour to submit the second volume of Agricultural Statistics for 1916-17. It deals with the Agricultural Statistics of Indian States. As in the four previous issues, summary tables have been inserted to show the total figures relating to area, the classification of area, and the area under crops for each State or group of States, and the totals for all the reporting States. The total number of cattle as far as reported in each of the years 1905-06 to 1916-17 has also been included in the general summary table (No. 1). These statistics are defective for comparative purposes as additions have been made in the number of reporting States from time to time. Explanatory notes have been inserted at the foot of the tables. Two charts and an index for easy reference have been added to the volume. It should be noted that, for the reasons explained below, the agricultural statistics of Indian States are incomplete and are of far less accuracy than those of British Provinces published in Volume I. The question of the improvement of the statistics of Indian States has been taken up by the Government of India, and it is expected that more complete and accurate statistics for them will be available in the near future. As one-third of the area of India is under these States, the importance of their statistics in the all-India returns can scarcely be over-estimated.

The total area of Indian States is approximately 497,000,000 acres (777,000 square miles), with a population of 72 millions according to the census of 1911. These are divided for the purposes of agricultural statistics into two main classes, namely, (1) States under the control of Local Governments and Administrations, and (2) States having direct political relations with the Government of India.

(1) *States under the control of Local Governments and Administrations.*—The total area of these States is 181,022,000 acres, with a population of some 27 millions. They are divided into the following main groups:—

		Area Thousands acres	Population Thousands
Bombay and Sind States	40,877	7,112
Madras States	6,790	4,812
Punjab States	24,511	4,213
Bihar and Orissa States	18,835	3,945
Central Provinces States	19,060	2,117
Burma States (including Shan States)	38,402	1,540

	Area	Population
North-West Frontier Province, Sindh, Punjab, (Baluchistan)	1,62,206	1,4,71,717
Baluchistan	1,62,206	1,4,71,717
North-West Frontier Province	1,62,206	1,4,71,717
Punjab	1,62,206	1,4,71,717
Sindh	1,62,206	1,4,71,717
Islamabad Capital Territory	1,62,206	1,4,71,717
Total	1,62,206	1,4,71,717

The *Streptomyces* genus is composed of a large number of species, many of which are of great interest in the field of medicine and agriculture.

State	Population	Area (sq. miles)	Population per square mile
Alabama	4,000,000	52,000	77
Alaska	600,000	666,000	1
Arizona	5,000,000	113,000	44
Arkansas	3,000,000	52,000	58
California	35,000,000	158,000	220
Colorado	4,000,000	264,000	15
Connecticut	3,000,000	5,000	600
Delaware	800,000	2,000	400
Florida	15,000,000	65,000	230
Georgia	8,000,000	58,000	140
Hawaii	1,000,000	10,000	100
Idaho	1,000,000	83,000	12
Illinois	12,000,000	55,000	220
Indiana	6,000,000	36,000	170
Iowa	3,000,000	56,000	53
Kansas	2,500,000	82,000	30
Louisiana	4,000,000	48,000	83
Maine	1,000,000	33,000	30
Maryland	4,000,000	10,000	400
Massachusetts	6,000,000	5,000	1,200
Michigan	9,000,000	65,000	140
Minnesota	5,000,000	82,000	60
Mississippi	2,500,000	43,000	58
Missouri	5,000,000	69,000	73
Montana	900,000	148,000	6
Nebraska	1,500,000	77,000	20
Nevada	1,000,000	110,000	9
New Hampshire	1,000,000	9,000	110
New Jersey	8,000,000	5,000	1,600
New Mexico	1,500,000	121,000	12
New York	18,000,000	47,000	380
North Carolina	7,000,000	54,000	130
North Dakota	700,000	70,000	10
Ohio	11,000,000	44,000	250
Oklahoma	3,500,000	70,000	50
Oregon	3,000,000	96,000	31
Pennsylvania	12,000,000	46,000	260
Rhode Island	1,000,000	1,000	1,000
South Carolina	4,000,000	32,000	125
South Dakota	700,000	77,000	9
Tennessee	5,000,000	42,000	120
Texas	18,000,000	266,000	68
Utah	2,000,000	84,000	24
Vermont	600,000	9,000	66
Virginia	7,000,000	42,000	165
Washington	4,000,000	71,000	56
West Virginia	1,500,000	29,000	51
Wisconsin	5,000,000	55,000	90
Wyoming	500,000	97,000	5
Total	281,000,000	3,616,000	77.8

No agricultural statistics are available for Hyderabad, Baroda, Baluchistan (Native), or Sikkim. Of the remainder, returns are received only from the following eighteen States :—

							Acre Thousands acres	Population Thousands
Mysore	:	:	:	:	:	:	18,868	5,806
Kashmir	:	:	:	:	:	:	54,036	3,158
<i>Rajputana States—</i>								
Jaipur	:	:	:	:	:	:	9,971	2,637
Bikaner	:	:	:	:	:	:	14,928	701
Marwar	:	:	:	:	:	:	22,410	2,058
Tonk	:	:	:	:	:	:	1,634	303
Alwar	:	:	:	:	:	:	2,037	792
Kishangarh	:	:	:	:	:	:	549	87
Bharatpur	:	:	:	:	:	:	1,263	550
Jhalawar	:	:	:	:	:	:	527	96
Kotah	:	:	:	:	:	:	3,638	630
<i>Central India States—</i>								
Gwalior	:	:	:	:	:	:	16,511	3,102
Indore	:	:	:	:	:	:	6,080	1,008
Bhopal	:	:	:	:	:	:	4,657	730
Rajgarh	:	:	:	:	:	:	613	127
Narsingarh	:	:	:	:	:	:	469	110
Barwani	:	:	:	:	:	:	761	109
Nagod	:	:	:	:	:	:	324	75
						Total	150,263	22,077

The total area of all the forty-six reporting States thus amounts to 189,175,000 acres, with a population of nearly 31 millions. Those States, therefore, represent 38 per cent of the total area, and 43 per cent of the total population, of all the Indian States.

The dates from which the returns of agricultural statistics have been prepared in these forty-six reporting States are as follows :—

Mysore	:	:	:	:	:	:	1886-87
Jaipur	:	:	:	:	:	:	1892-93
Gwalior	:	:	:	:	:	:	1896-97
Bikaner, Marwar, Tonk	:	:	:	:	:	:	1898-99
Alwar, Bharatpur, Kishangarh, Jhalawar, Kotah	:	:	:	:	:	:	1900-01
Indore, Rajgarh, Narsingarh, Nagod, Patiala, Jind, Nabha, Bahawalpur	:	:	:	:	:	:	1907-08
Pudukkottai, Banganapalle, Sandur, Cochin, Travancore, Bhopal, Barwani, Sumer, Kalinji, Pataudi, Loharu, Dujana, Kapurthala, Mankotla, Faridkot, Simla Hill States (11 in number)	:	:	:	:	:	:	1908-09
Kashmir	:	:	:	:	:	:	1910-11

The returns for the different States relate to the years ending the dates stated below, so far as information is now available :—

Bikaner, Sandur, Banganapalle	:	:	year ended 31st March
Indore	:	:	" in June
Mysore, Gwalior, Nagod, Pudukkottai, Rajgarh, Barwani,	:	:	30th June
Travancore, Cochin	:	:	" in August
Jaipur	:	:	31st August
Kishangarh	:	:	15th September
Marwar, Kotah, Jhalawar, Bhopal	:	:	30th September
Tonk, Narsingarh, Bharatpur, Alwar	:	:	31st October

Arrangements are being made by His Excellency the Nizam's Government to prepare agricultural statistics for the Hyderabad State. The statistics for this State, when prepared, will fill the biggest gap in the Agricultural statistics of Indian States.

Table I,
Total area

From the total area of all the forty-six reporting States (189,175,000 acres), deduction must be made for 107,515,000 acres for which statistics are not available. These comprise chiefly unsurveyed areas and lands held on jagir, muafi, and other privileged tenures. The net area actually covered by those statistics is, therefore, only 81,660,000 acres by professional survey,* or 81,775,000 acres according to village papers.

Table II,
Classification of area.

	This area is classified, for the purposes of agricultural statistics, as	shown in the margin.
Forests	0,791	12.0
Not available for cultivation	18,937	23.2
Culturable waste other than fallow	13,973	17.1
Current fallows	5,611	6.9
Net area cropped	33,413	40.8
Total	81,775	100

uses other than agriculture, amounts to 18,937,000 acres or 23.2 per cent. The balance, 53,027,000 acres or 64.8 per cent, represents the area available for cultivation. Of this, 13,973,000 acres, or 17.1 per cent of the total area, represent culturable waste, *i.e.*, land available for cultivation but not taken up, and 5,611,000 acres, or 6.9 per cent, were kept fallow in the year under report. The net area actually cropped in the year was thus 33,413,000 acres (40.8 per cent of the total area), which shows an increase of 3,907,000 acres as compared with the previous year. This net cropped area, however, excludes areas cropped more than once in the year. If areas cropped more than once are taken as separate areas for each crop, the gross area cropped in the year of report amounts to 36,530,000 acres, as against 31,570,000 acres in the preceding year, or an increase of 15.7 per cent.

Irrigation.

The total area irrigated in the reporting States in 1916-17 was 6,565,000 acres as against 6,218,000 acres in the preceding year. Of this, 2,214,000 acres were irrigated from Government canals, 721,000 acres from private canals, 865,000 acres from tanks, 1,339,000 acres from wells, and the remaining 1,126,000 acres from other sources of irrigation. These figures, however, do not take into account areas cropped more than once during the year with the help of irrigation, but indicate the extent of land actually irrigated. If areas cropped more than once are counted as separate areas for each crop, the gross area of irrigated crops amounts to 7,094,000 acres, against 6,611,000 acres in the preceding year. Of this area, 6,156,000 acres were under food crops.

Table III,
Area under crops.

The gross area cultivated with crops in the reporting States was, as stated above, 36 million acres in 1916-17 as against 31 million acres in the preceding

	Thousand acres	Per cent of total
Food-grains	27,721	76.8
Condiments and spices	301	.9
Sugar	117	.3
Fruits and vegetables	691	1.9
Miscellaneous food-crops	1,117	3.9
Total food-crops	30,250	83.6
Oilseeds	1,988	5.5
Fibres	1,645	4.6
Dyes	16	..
Drugs and narcotics	266	.7
Fodder crops	1,371	3.8
Miscellaneous non-food crops	663	1.8
Total non-food crops	5,949	16.4

year, or an increase of 16 per cent. The different classes of crops and the area occupied by each, so far as details are available, are stated in the margin. Of the total cropped area, food crops occupied about 30,250,000 acres or 84 per cent and non-food crops about 5,949,000 acres or 16 per cent. Of the food-crops, food grains (cereals and pulses) occupied as much as 27,721,000 acres, or 77 per cent of the total cropped area, and other food crops (condiments and spices, sugar, fruits and vegetables, and miscellaneous food crops) together occupied some 2,526,000 acres, or only 7 per cent of the total. Of the non-food crops, oilseeds occupied 1,988,000 acres or 5.5 per cent of the total cropped area, fibres such as cotton, hemp, etc., 1,645,000 acres or 4.6 per cent, and fodder crops 1,371,000 acres or 3.8 per cent. The other non-food crops—dyes, drugs and narcotics (tobacco, tea, coffee, opium, etc.), and miscellaneous non-food crops—together covered some 945,000 acres or 2.5 per cent of the total.

* For explanation of the terms "professional survey" and "village papers," see footnotes to Table I (page 6) of this Volume and the Report prefixed to Volume I.

The area under food-grains (27,724,000 acres) showed an increase of

	Thousands of acres		Increase
	1916-17	1916-18	
Rice	2,640	2,700	220
Wheat	3,682	4,319	637
Barley	573	965	92
Jawar	4,746	4,947	201
Bajra	2,543	3,232	689
Beri	2,232	2,105	153
Maize	1,120	1,211	91
Gram	2,090	4,002	1,912
Other grains and pulses	3,163	3,850	687

3,820,000 acres or 16 per cent. as compared with the preceding year. The actual increase under each kind of grain is stated in the marginal table.

The area under oilseeds (linseed, sesamum, rapeseed, mustard, etc.) increased by 219,000 acres or 12 per cent., that under fibres (cotton, hemp, etc.), by 518,000 acres or 46 per cent., that under drugs and narcotics by 8,000 acres or 3 per cent., that under condiments and spices increased by 37,000 acres or 14 per cent., and that under fruits and vegetables by 133,000 acres or 24 per cent. On the other hand, the area under sugar shows a decrease of 2,000 acres or 2 per cent.

The total extent of land on which more than one crop was raised during the year was 3,115,000 acres as against 2,064,000 acres in the preceding year.

Tables IV, V, and VI are very incomplete, as figures for these tables are not furnished by many of the reporting States. Table IV is prepared by only twenty States, namely, Mysore, Pudukkottai, Banganapalle, Cochin, Gwalior, Indore, Bhopal, Rajgarh, Narsingarh, Barwani, Nagod, Bikaner, Marwar, Jaipur, Kishangarh, Alwar, Bharatpur, Jhalawar, Tonk, and Kotah. According to the latest statistics, the total number of live-stock of the bovine class (hulls and bullocks, cows, buffaloes, and calves) in these twenty States is 14,801,000, that of the ovine class (sheep and goats) 9,118,000, and that of horses and ponies, mules and donkeys, and camels 451,000. The numbers of ploughs and carts are 2,072,000 and 577,000, respectively.

Table V (Land revenue) is prepared by eighteen States, namely, Mysore, Pudukkottai, Banganapalle, Cochin, Gwalior, Indore, Bhopal, Rajgarh, Narsingarh, Barwani, Bikaner, Marwar, Jaipur, Alwar, Bharatpur, Jhalawar, Tonk, and Kotah; and Table VI (Transfers of land) is prepared by only five States, namely, Mysore, Banganapalle, Cochin, Barwani, and Alwar.

The Appendix explains vernacular terms used in this volume, and the charts illustrate (1) the classification of the total area showing the proportion of cultivated and uncultivated lands, and (2) the total area cropped in 1916-17 with shares of food and non-food crops.

I have the honour to be,

Sir,

Your most obedient Servant,

DEPARTMENT OF STATISTICS,
Calcutta, April 23, 1919

G. FINDLAY SHIRBAS,
Director of Statistics.

Note.—The entries in this table regarding classification of rice and areas under food and non-food crops comprise figures for Mysore, Jaipur, Gwalior, Bilawal, Marwar, Tonk, Alwar, Kishangarh, Bharatpur, Bharawali, and Kotah from 1905-06; to which were added those for Indore, Rajgarh, Narsingarh, Nagod, Patiala, Jind, Nalbari, and Bahawalpur from 1907-08; for Pudukkottai, Bangalore, Sander, Cochin, Travancore, Ilango, Barwani, Sircar, Kurse, Patan, Doharn, Dajana, Kapurthala, Maler, etc., Faishat, and the Simla Hill States from 1908-09, and for Kathiawar from 1910-11.

The entries regarding cattle comprise Mysore, Jaipur, Gwalior, Bilawal, Marwar, Tonk, Alwar, Kishangarh, Bharatpur, Bharawali, and Kotah from 1905-06; to which were added those for Indore, Rajgarh, and Narsingarh from 1907-08; for Gopalganj, Birwan, and Nagod from 1908-09; for Bangalore and Cochin from 1910-11, and for Pudukkottai from 1910-17. Detailed figures for the States for five years are given in Table IV (pages 80-84).

(a) Excluding areas for which no returns are available.

(b) Condiments and spices, fruits and vegetables, and miscellaneous food crops.

(c) Cinchona, Indian hemp, other drugs, other drugs and narcotics, and miscellaneous non-food crops.

(d) The total of food crops and non-food crops shown here does not agree with the total area cropped shown in Summary Table for the reason stated in the footnote to that table (page 5).

Column 2.—The professional survey is that carried out by the Survey of India in Northern India, and by the corresponding departments in Southern India. In States where there has been no professional survey, the figures are based on the best information available.

Column 3.—In this column is deducted the entire area for which the statistics required for Tables II and III are not forthcoming in whole or in part. This area comprises chiefly estates held on privileged tenures, which have not yet been surveyed and which possess at present no agency for the annual collection of agricultural statistics. As surveys extend and the organization of village statistical establishments develops, the area in this column is reduced, and that entered in the next column (4 and 5) and dealt with in Tables II and III is correspondingly increased.

Column 4 and 5.—Column 4 is a check on the accuracy of column 5. In the latter, "village papers" means "the papers prepared by the village account units." In States where no village papers exist, or where the source of information is the same for both the writer and the village papers, the figures in column 4 are necessarily repeated in column 5. The area in village papers may differ somewhat from that given by the Survey Department, (a) because, while the survey area is calculated in blocks, the area by village papers represents the added total of field and village areas, and (b) because the system followed as regards the inclusion or exclusion of areas covered by water, buildings, roads, and railroads is not always uniform in the two sets of returns.

(c) Previous year's figure repeated [see footnote (a) on page 14].

(b) Column 3 states the area of unsurveyed forests.

See explanations given in the footnotes (page 6)

(a) Column 3 states the areas of jagirs and other alienated lands

(b) Column 2—As there has been no revenue survey so far, this column states the area of the state according to the best information available. Column 3 states the areas of jagirs and mukti villages, the boundaries of which have been demarcated, but for which the statistics required for other tables are not available. Column 4 and 5—In the absence of any revenue survey data, the figures in column 5 are repeated in column 4.

(c) Returns for 1910-11 not having been received, the figures for 1909-10 have been repeated.

(d) Column 1 states the area held by jagirdars and udalbars, as well as the mukti plots in khalsa villages for which no separate record is maintained.

(a) Column 2 states the area of the State according to Settlement records.

(b) Statistics are furnished by eleven States of this group, namely, Bishnahr, Jubbal, Theog, Kumbarsain, Khaneti, Bijnaspur, Baghal, Ghang, Mellog, Right, and Madhan, the last two but one from 1910-11 and the last one from 1911-12. These represent about 86 per cent of the aggregate area of all the States comprised in the group. The returns, however, relate only to the settled portions of the reporting States, except Bijnaspur, Baghal, and Mellog, for which complete returns have been received. Column 2 states the area of the settled portions of the States named above, except Bijnaspur, Baghal, and Mellog, for which the whole area is included.

(c) See footnote (a) on page 12

Column 2.—The definition of the term "forests" is as follows.—"Any land classed or administered as forest under any legal enactment dealing with forests." Any cultivated area existing within such forests may be excluded and entered in column 6 (not area cropped), an explanation being given in a note.

Column 3 includes all land absolutely barren, and also all land covered by buildings, water, roads, or otherwise appropriated to uses other than agricultural.

Column 4 includes groves not classed in the cropped area. Area under bamboos and thatching grass, when not forming parts of forest areas, are included in this column.

Column 8 to 19 state the area actually irrigated during the year, areas cropped more than once being counted once only.

(a) The statistic collected in 1908-09 have been repeated up to 1912-13, as fresh information could not be collected owing to pressure of work connected with the revenue settlement of the State.

(b) Column 2 states the area of reserved forests within surveyed villages.

(c) Includes 8,216 acres in coffee estates.

Column 11 to 18 state the gross area of irrigated crops, area cropped more than once being counted as separate areas for each crop. This accounts for the excess in some cases of the total area of crops irrigated (column 18) over the total area irrigated (column 13).

See explanations given in the footnotes (page 11).

(a) Column 2 states the areas of forests left unassessed. Forests in the State not having been demarcated, figures in columns 3 and 4 also include same forest areas. Column 5 states areas of land left uncultivated for over three years, of buri (grasses) and pasture lands. Column 6.—The maximum period for which land thrown out of cultivation is reckoned as fallow is three years.

Column 2 states the areas of state and district forests and of plantations.

Column 3 includes not only lands absolutely unfit for cultivation, but also lands reserved for pasture, and plantations intended for public use and therefore left unassessed. A large portion of the pasture land is fit for cultivation, and is given out for cultivation from time to time under special orders, such lands when given out for cultivation being transferred from column 3 to 5 or 6 as the case may be.

Column 4 states unoccupied assessed waste.

Column 5—There is no system of fallows, that is, lands are not systematically left uncultivated for the purpose of giving them rest. Individuals occupy large areas and pay full assessment thereon, leaving portions uncultivated, generally for the use of their cattle. For purposes of account the difference between the areas of the lands occupied by individuals and of those actually cultivated by them is taken as fallow. The lands occupied and assessed are sometimes unfit for cultivation, having been taken up on full assessment merely for use as pasture, but the exact area of all such lands cannot be ascertained although it cannot be large.

(a) Included in column 3

Bharatpur—Column 2 includes grass preserves (locally called the State *Rundhs*) and nullahs. Column 4 includes areas out of cultivation or which have not been cultivated for the last four years or upwards, but excludes State grass preserves (*Rundhs*). Column 5—the maximum period for which land thrown out of cultivation is reckoned as fallow is three years. Column 8 includes area irrigated from the Barota Bund, constructed by the State Public Works Department.

Note.—In this table are entered the areas actually sown, whether the crop comes to maturity or not, except in cases when fields, owing to the failure of the first sowings, have been devoted to other crops. In such cases the area first sown is omitted. In cases where two or more crops are grown together, an estimate is made of the area covered by each, and the areas so estimated are separately returned. The estimate is made by the village accountant, or is subsequently determined on formulae prescribed by higher authorities.

(a) See footnote (a) on page 49

(b) Includes millets, zo and grams

(c) In Travancore no accounts are kept regarding the area under each crop, and the figures shown in this table, are based on very rough estimates. Steps are being taken by the Darbar to introduce an improved system according to which accurate figures will be available in some cases.

Note.—Animals in towns, cities, and cantonments are included where it is possible to secure their enumeration. Oxen and buffaloes not old enough for work or to produce young ones are classed as "young stock".

(a) A cattle census is taken by the patwaris every year after the khairi crop inspection in November. Animals in towns are included.

(b) No information.

Note.—Until 1898-99 statistics were collected every year by the shanbag and panchayat of each village by enquiry or inspection. Since that year a census is taken every five years as nearly as possible simultaneously throughout the State. The last census was taken in January 1916. Stock in municipalities are included.

* No information

Entry 2 (a) — Areas held revenue-free or at privileged rates should be deducted, but the deduction need not be made where such areas are in any case less than an entire village, and where there is no difficulty in estimating the corresponding deduction to be made in the population (head 10). Areas should not be entered in this column merely because the assessment due from them has been suspended or remitted on account of short crops, or for other special reasons.

Entry 3—This column should be sub-divided into (a) total fully assessed area for which returns are available, and (b) area cultivated out of the area given in head (a). The latter head should be equal to the former after deducting current fallows and fully assessed waste.

Entry 4—Where land revenue includes the zamindar's share, the net demand should be entered, and the table should state the payment due by the zamindars to Government, not those by the cultivators to the zamindars. The actual realisable demand on account of the year should be entered, after excluding areas for past years. This column should include all the heads classed as "Land Revenue" in the Civil Accounts.

Entry 5—The population in entry 5 is that of the last general census.
Narrative—Item 1 states the net area by revenue survey as shown in column 4 of Table I. Item 2 (a) includes forest areas (column 2 of Table II) and uncultivable (column 3 of Table II) and cultivable land not possessed by any cultivator. Item 2 (b) states the area of minor tanks. Item 3 (b) includes fallow and left uncultivated for three years or less as full cultivation rate is assessed on them.

See explanations given in the footnotes (page 98)

* These are *Khalsa* or state lands only. The whole area of the State according to the census of 1901 is stated in Table I—No. 5

† Not reported

‡ *Alwar*—The classes of tenure are *zamindari* and *village communities*, the former comprising *zamindari-bil-rial* and the latter *pattadar* and *bhatiyacharya*. Item 1 states the area by village parishes (column 5 of Table I). Item 2 (a) shows areas covered with forests (column 2 of Table I) which are wholly revenue-free

†† *Jhalawar*—The whole area stated in the table is classed as "Khatalan" and "Watondari" equivalent to "raiyatwari" and "zamindari" respectively. Item 1 excludes entire villages held by jagirdars and udal dais

§ See explanation given in footnote (page 105)

Column 3 (a) gives the area entered in column 3 of Table I plus that in column 1, Table II.

Column 3 (b) gives the area entered in columns 2 and 3 of Table III.

Column 1 (a) gives Government owned lands, including minor items in Government villages (columns 5 and 6 of Table II).

Column 1 (b) gives the area actually sown (column 6 of Table II).

Column 2 gives the total assessable land revenue, including previous land revenue.

Column 3 states the total rajyatwari demand, plus the quit-rent due on minor items in Government villages.

Aggregate population							

Column 1—The State area leased to cultivators for a fixed term is returned as *Raiyatwari*. The area leased out on condition of proprietary rights being given to lessees if the reclaimed land within a fixed term is returned as *Zamindari—temporarily settled*, and the rest of the area i.e., the area remaining after deduction of the *Raiyatwari* and the *temporarily-settled zamindari* area from the total area, is entered as *Zamindari—permanently settled*.

Column 3 includes muasi, chauth, and islamdar areas.

Column 6—The population stated is that of the last census.

Column 11 shows the total population in cases where separate figures for areas fully and not fully assessed are not available.

Note—It is optional with the local authorities to enter or omit transfers of lands held by tenants. The following rules have been prescribed for the preparation of this return—(1) Changes of entry due to succession, partitions, or simple mortgages are not really transfers and should be excluded from the table, as also should redemptions of mortgage. (2) All temporary transfers, such as leases, should also be excluded but mortgage with possession, should be treated as a transfer and entered in the table. (3) All transfers made by order of a Court should also be included in the table. (4) The word "Court" in the entry "by order of court" should be held to include a revenue Court.

(a) *Mysore*—Only permanent transfers are included as by sale or gift, in which the parties concerned apply for and obtain transfers or revenue registry in the village accounts from which the table is compiled. Thus, changes of registry under orders of civil and revenue court as well as those effected in consequence of the sale of land for arrears of Government revenue are included.

(b) *Alwar*—Transfers by mortgage with possession, sale, and gift, both of proprietary and of occupancy rights, whether by order of court or by private contract, are shown in this table. Property confiscated by order of a criminal court, and holdings transferred by order of a civil or revenue court in satisfaction of money decrees or arrears of land revenue respectively are thus included.

APPENDIX

Vernacular terms used in the Explanatory Notes.

Bhaiyachara (Alwar).—Villages held by a number of families, by possession without reference to shares.

Bir (Narsingharpur).—Grass lands.

Bunds (Alwar).—Embankments.

Chauth (Bharatpur).—Land paying one-fourth of the rental.

Ilakor (Jhaga).—An Estate or Dependency, a property.

Indum (Mysore).—Wholly or partially revenue-free tenure; *minor indums* are plots of inam lands situated in a village, whether Government or inam.

Islamdar (Gwalior, Indore, Bharatpur).—A tenure which, though the revenue is assigned, is charged with a permanently fixed quit-rent.

— (Alwar).—A tenure which, though favourably assessed, is charged with a permanently fixed quit-rent.

— (Bharatpur).—Land paying a reduced permanently fixed *jama* (assessment).

Jagir (Mysore, Gwalior, Krishnagari, Kotah, Narsingharpur).—Land granted revenue-free on condition of military service or as a charitable endowment.

— (Indore, Barwani).—Land granted revenue-free on condition of military service or as a charitable endowment or in recognition of good services rendered to the State.

— (Bikaner).—Land granted revenue-free on condition of military service or as a charitable endowment.

— (Alwar).—Assignment of land revenue, with or without condition of military service and payment of commutation dues, granted in recognition of meritorious services to relations of the ruling chief or other high officials of the State.

— (Kishangarh).—Land granted revenue-free on condition of military service either actually rendered or fulfilled by a rateable money contribution.

Jugirdari (Jhalawar).—Holder of jagir land.

Jodi (Mysore).—A whole inam village paying quite-rent to Government.

Kayamgutta (Mysore).—A whole village granted by the State on fixed money-rent.

Khalsa (Gwalior, Jaipur, Bikaner, Marwar, Bharatpur).—Land paying full revenue to the State.

Khateduri (Jhalawar).—Same as *raigatwari*.

Muaf (Gwalior, Alwar, Kotah, Bharatpur, Krishnagari).—Land granted free of revenue.

Out-bandi (Indore).—Assessment of revenue calculated at a fixed rate per plough.

Patel (Mysore).—Village headman appointed by Government.

Pattadar (Alwar).—Villages held by a number of families, by shares, ancestral or customary.

Patwari (Narsingharpur).—Village revenue officer or accountant.

Ratyatmara (Bharatpur).—State area leased to cultivators for a fixed term.

Rundha (Bharatpur).—State grass preserves.

Survamanayam (Mysore).—An inam village, wholly revenue-free.

Shankbg (Mysore).—A village accountant appointed by Government.

Tanka (Gwalior).—Estate held by certain families who were in power when the country was annexed and who were left in possession of their estates on payment of a fixed annual tribute, or *tanka*, bearing but a small proportion to the annual assets.

Ubari (Gwalior).—Land held at an abatement of the full land revenue.

Udakdar (Jhalawar).—Holder of a *Ubari* estate.

Wetudari (Jhalawar).—Same as *Zamindari*.

Zamerdari (Bharatpur).—Estate on a fixed assessment under a deed of permanent ownership granted by the State.

Zamindari-bil-yumul (Alwar).—Villages held jointly by a body of owners.
